FRESHMAN WEEK EXTRA

ST. MICHAEL'S COLLEGE, WINOOSKI, VERMONT

SEPTEMBER 14, 1965

WELCOME, CLASS OF '69

Welcome to St. Michael's, Class of 1969. Congratulations on being one of the 340 new Michaelmen who are participating in Freshman Week this fall.

A series of interesting activities has been planned for you during these few days of orientation. The aim is to help you see what life is at St. Michael's during the year. Your "big brother" from the Crown and Sword Honorary Society will also tell you about life on campus and in the Queen City.

A new chapter in your lives has begun. You are no longer high school kids but college men. Life at college will sometimes be easy, sometimes rough. It will be a time of self-testing.

Each one of you has the capability of successfully completing your studies. Think of the large number of students refused admittance cause you showed a higher capacity.

St. Michael's offers an additional service to interested students. The Program of English for Foreign students, which starts next week, provides the opportunity for Michaelmen to meet and talk to

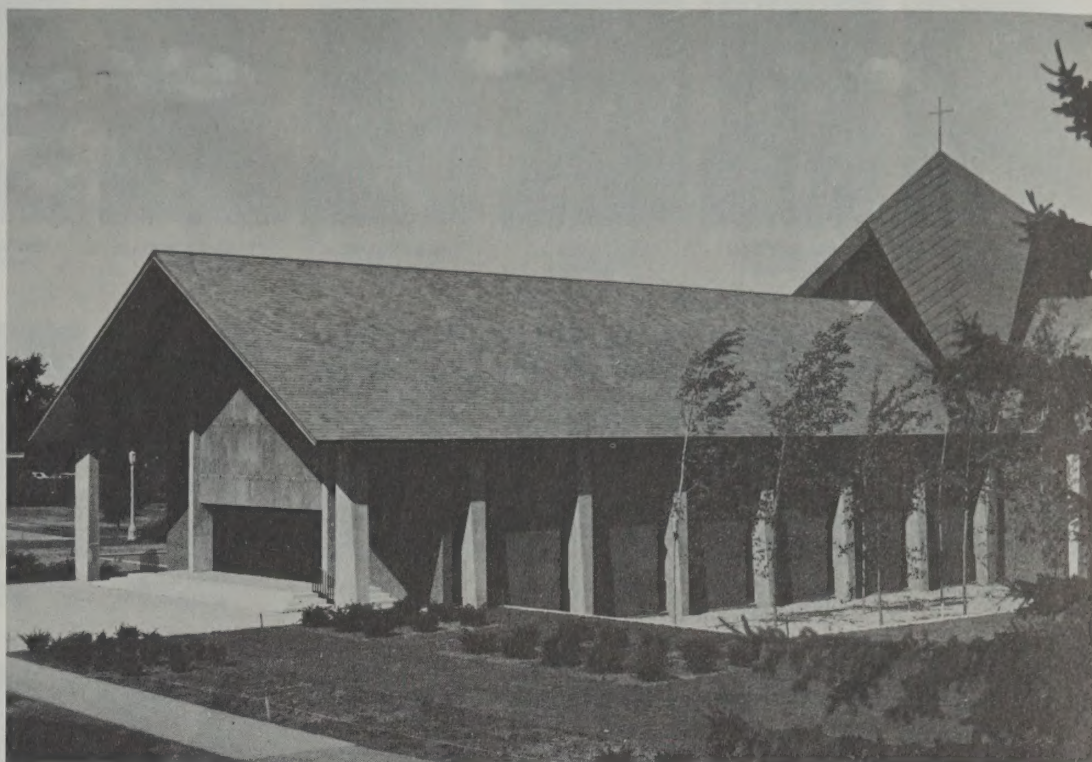

students from Latin America, Asia and other parts of the world. These foreign students are in the States for the first time and the impression you give them is what they will convey to their fellow countrymen about the Americans and their way of life. You have an excellent opportunity to act as an unofficial good-will ambassador.

THE MICHAELMAN, your weekly college newspaper, is interested in you, your activities and life at St. Michael's in general. Your contributions to the paper will be gladly accepted for our consideration. We hope you will encourage your parents to subscribe and be formed of your activities at St. Michael's.

You'll meet the rest of the upperclassmen Monday, when they arrive for registration and Tuesday classes. As you meet them, you'll feel more a part of St. Michael's.

It's a wonderful place. We hope you'll like it, too.

The Editors

The Class of 1969 will be the first class in our regular session to use the new Chapel of St. Michael the Archangel. It was consecrated in July and dedicated to the clergy of Vermont.

Growing Campus Greet Class

The Class of 1969 enters St. Michael's College at an exciting period in her growth and yours.

Founded in 1904, St. Michael's grew slowly but solidly in its early years. It was the end of World War II when most of the Class of 1969 were arriving in this world that St. Michael's experienced its most spectacular development.

The word had been spread by and among the GI's that St. Michael's offered a good liberal arts education. Our alumni bragged, but we had a lot of subway help in the spreading of that story.

Our dilemma was whether to stay the same size and turn hundreds away or to grow, with all the headaches that would bring.

The Fathers of St. Edmund find it hard to say "No" when they can help, so with the aid of surplus wooden buildings hauled across from the former Fort Ethan Allen, we expanded - maybe exploded is the word.

St. Michael's expanded its facilities, faculty and student body fourfold. It embarked on building safely with brick. Cheray Science Hall was the first. Then came the dormitory quadrangle, the athletic field, and Alliot Hall, our Student Union.

Our handsome chapel was consecrated this summer, so your class will be the first in the regular session to use it.

Plans have been approved to set our new library opposite the chapel at the west end of the campus. Ground should be broken in the Spring with the aid of a federal grant and a loan, plus support from our friends. You'll hear about our other plans.

Last year, we received some 130 acres and about 30 buildings at the former Ethan Allen Air Force Base to our North. A gym, a computer center, faculty housing, storage and a dormitory are among the buildings we were able to put to immediate use. The opportunities appear unlimited.

But physical growth is not our only evidence of vitality. "The St. Michael's Plan" for the teaching of the liberal arts and sciences has been widely hailed. It's being continuously restudied to keep it abreast of our times. There are strong winds blowing from Vatican II in this aerospace age.

In addition to class work, there will be special lectures and concerts and plays to enrich your student life. The Michaelman will report these and your other campus activities.

It will record the achievements of our fine athletic teams. Currently we're defending state champions in basketball and golf. The hoopsters were Number Four in NCAA college competition last season. The drill team has been champion of the Northeast for seven years.

It's that kind of campus.

Let's keep it that way.

Here Are Some Of The Faces You'll Want To Know On Campus

Very Rev. Gerald E. Dupont, S.S.E.
President

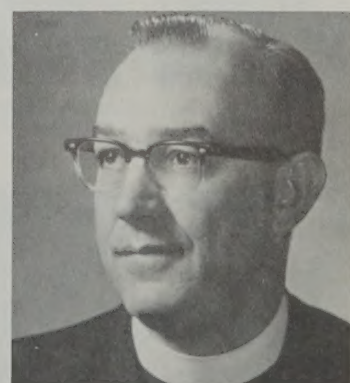

Rev. John A. Stankiewicz, S.S.E.
Dean of Men

Daniel F. MacDonald
Associate Dean

Rev. Nelson B. Ziter, S.S.E.
Spiritual Director

Very Rev. Paul A. Morin, S.S.E.
Chapel Rector

Very Rev. Jeremiah T. Purtill, S.S.E.
Vice President

George (Doc) Jacobs
Athletic Director

Rev. Dr. Joseph L. Hart, S.S.E.
Dean of Studies

Here Are Some Of The Places and Students You'll Meet

Founders Hall, the original building at St. Michael's, houses administrative offices including the switchboard-information-postoffice on the first floor and student rooms above.

STUDENT FORUM OFFICERS: Left to right: Vice President, John Barna; President, John Kenny. Standing, left to right: Recording Secretary, Bob Joyce; Corresponding Secretary, Joe Des Barres.

And this is the season you don't walk on the grass.

More than half our students live in these three dorms. Left to right are Alumni, Ryan and Lyons Halls.

Crown and Sword veep Al Ramroth congratulates President Joe Vacca.
